Se Habla Español

CAL-IN provides indoor air quality, technical and strategic consulting services and solutions to meet your project needs.

OUR EXPERTISE APPLIED

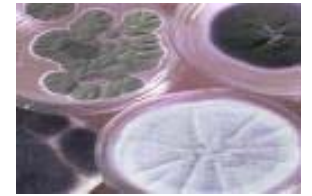

CAL-IN's engineers have over 25 years successful experience applying their knowledge and expertise to solve numerous engineering, environmental and technical challenges. Our projects have ranged from small, specialty tasks to complex, long-term, multi-million dollar efforts.

Our clients include industrial, commercial, residential and institutional sectors. We take great pride in integrating the most innovative technical solutions to meet client's specific needs.

Sample Applications

- Aerospace
- Allergy Control
- Art Galleries
- Automotive
- Clean Rooms
- Commercial Buildings
- Computer Rooms
- Electronics Assembly
- Film & Tape Storage
- Food and Beverage
- Hospitals
- Laboratories
- Libraries
- Museums
- Nuclear
- Pharmaceutical
- Pumping Stations
- Power Plants
- Paper & Pulp Production
- Packaging Areas
- Plastic Molding & Processing
- Petroleum
- Printing
- Records Storage
- Restaurants & Bars
- Schools
- Semi-Conductor
- Telecommunications Centers
- Water Treatment Plants

Scientific and Technical Services

Robust Building Solutions

- Design Services
- Engineering Services
- Homeland Security IAQ Solutions
- Construction & Renovation Solutions
- Remediation Services
- Operation & Maintenance Services

Diagnostic Services

- IAQ Studies
- Testing & Measurement Services
- Microbial Investigations & Mitigation
- Pressure Investigations
- Tracer Gas Studies

Laboratory Services

- Air Filtration
- HVAC Equipment

Technical Assessments

- Technological Risk Management
- Commercial Assessments
